**Subject:** Addresses of Landowners in Lower Silver Creek

I went through the Summit County Website and obtained the names of the owners of land in lower Silver Creek. Attached is a spread sheet with the Parcel ID number in one column and the names and address of the owners in another.

There is a parcel on the southernmost end that is problematic. There is a parcel number and when entered in the County Search engine it returns something that does not make any sense. There is a power line easement or route near there and I think that may be part of the problem.

Anyway if you see any problems let me know.

I have also attached the zoning map for the area with the parcel numbers.

Thanks

Kerry
